

Fife Lake Memorial Applications

Our intent as trustees of the Village of Fife Lake, is to recognize and honor individuals who have made a positive impact to the Village of Fife Lake and the people who live here. We are asking that an application be completed and submitted to the Memorial Committee, a sub committee of trustees currently serving on the village board. Know that all applications must be reviewed by this sub-committee before any formal honors or plaque will be awarded and placed on village property. Any person who identifies an individual whom they believe is worthy of this honor living or deceased, may complete the following application. Please understand that this application is to be inclusive, not exclusive; individuals who have a strong sense of community pride, civic minded, provided community service that improved villagers quality of life, positively touched the lives of village residents, including but not limited to elected and appointed officials, and civic minded people providing a range of community service.

Please include Nominator's name, address, and phone number and Nominees name with a one page synopsis of what the nominator has seen this individual do by describing first hand experiences they have observed that meets or exceeds the above criteria. Include dates if possible. Please submit this application to the Village Office at the Municipal Building during regular business hours.

Within 30 days of submitting this application to the Village Office, a determination will be made resulting in either acceptance or an explanation of why this nominee is not being accepted at this time. For those who are accepted, a plaque will be awarded honoring the individual which will be mounted in a honorable place on village property. Each year, newly inducted individuals will be honored during the Fourth of July parade. Nominator and friends of the inducted individual are encouraged to participate in the honoring ceremony. The village will be responsible for the expense of the plaque. If nominators would like to make other donations to the village, this will be discussed on an individual basis with the Memorial Committee and should be included in the application.

Looking forward to reviewing your application,

Fife Lake Village Memorial Committee

(Initiated 5/2013)
